EXPERIENCE

Make School
Ambassador

MAY 2017 – CURRENT   New York, NY

- Lead iOS Workshops
- Speak at events; introducing make school, and it's programs
- Mentor students at Hackathon
- Help interested student apply for Make School

St. John's University
Student Worker

2015 – CURRENT   Fresh Meadows, NY

- Taking phone calls at the front desk
- Creating and managing appointments for advisors
- Handling small projects involving freshman students at University such as Phi Eta Sigma Honor Society

EDUCATION

Make School
Make School iOS Development Certification

JUNE 2016 – AUGUST 2016   New York, NY

St. John's University
B.S. Computer Science

2015-2019 (Expected)   Fresh Meadows, NY

PROJECTS

EventChat
(iOS, Firebase)

- A chat app that creates chat rooms based on events rather that people. Chats are created to talk about an event about to happen rather that a bunch of friends in one chat room.

Don't Stress It
(iOS, Firebase)

- Online tutoring for students under same majors/similar concentration

TsumTsumCollectors
(iOS)

- A collector tool that keeps track of all the tsums you have collected so you know what you still need!
- Comes will a community of collectors where you can choose to trade with fellow collectors!

RESEARCH

St. John's University
Energy Consumption Project

Using Data Analysis and Machine Learning to determine leading factors of electricity bill costs.
Advisor: Fazel Keshtkar, C.S. Department

MySJU Student Services

A one stop shop for Students at the University to find guidance for abundance of topics from registering for classes to ways to eat healthier.
Advisor: Jaqueline H. Grogan - Provost, Scott Walick

VOLUNTEER

New York Chinese School
Team Leader & Administrative Staff

2012-2016

Lead a group of 30+ students to join a program that teaches leadership, school safety, public speaking, discipline, and to serve the community and school.
